

PREMIUM HOME LIFT

SIYAKHULA
ELEVATORS

PREMIUM HOME LIFT

A truly economical solution offering low energy consumption, space saving and simple installation. With many personalisation options to suit all tastes our PREMIUM Lift can be a great addition to provide access to any residential space.

SPEED : 0.15 M/S

The PREMIUM Lift offers smooth consistent speed between floors and is in conformity with machinery directive 2006/42/CE.

LOW PIT & HEADROOM REQUIREMENTS

Pit required can be as low as 120mm* or ramp can be provided. Minimum headroom from the top floor FFL can be an industry leading 2270mm*.

TRACTION & HYDRAULIC DRIVE OPTIONS

Drive options that are suited to the user and building requirements. We work with you to provide the best option.

RATED LOAD: UP TO 400KG *

Different drive options offer the opportunity to increase capacity of our ECO Lift for the most intensive uses.

TRAVEL: 5 STOPS (14.6M) *

Suitable for most residential and public spaces with a simple, fast installation.

MEETS ALL LEGISLATION REQUIREMENTS

All of our products comply with Europe's strictest safety requirements. Ensuring safety with the latest EC directives.

* These are possible min/max values, certain drive and building requirements may limit values. See brochures technical pages or contact a sales specialist for more information.

ADD PERSONALITY WITH A RANGE OF FINISHING OPTIONS

With options such as LED Lighting, and stainless steel and glass structures it will harmonise with any building, whether traditional or modern. The lift also has an array of non-standard custom finishes to choose from, and over 100 different configurations are possible.

WIDE RANGE OF PHYSICAL AND TOUCH CONTROL OPTION

We offer a range of control panels that can be configured with tactile physical buttons with a brushed radial finish. We can also provide our panels with touch controls under a layer high quality glass.

CABINS DESIGNED FOR WHEELCHAIR ACCESS

Our cabins are designed with ergonomics that suit disability access in any public space. With considered control placement and braille descriptions.

CLEAR LCD DISPLAYS

Bright, sharp LCD displays available for the landing / cabin controls.

72 MILLION DIFFERENT COLOURS

Through a simple app, or supplementing an already installed home automation system, the bluetooth protocol of your PREMIUM lift allows you to adjust the lighting's intensity, the light's warmth and the colour tones, configurable to 72 million different tones.

STRUCTURES FOR INDOOR AND OUTDOOR USE

Our lifts can be provided with highly customisable structures. They are modular in design with different types of glass panelling to suit installations of all kinds and provide support when masonry work is unavailable. Our skilled engineering team ensures installation is completed quickly with great care to the surrounding environment.

EASY TO FOLLOW & COMPREHENSIVE DRAWING PACK WITH ALL OF OUR PRODUCTS

Our visual site-specific drawing pack has been developed to provide clear instructions on how to prepare the site for our installation and give an understanding of the critical dimensions we need approval

The drawing packs cover the following:

- Lift dimensions
- Shaft dimensions
- Forces and loading details
- Electrical Requirements
- Fixing points
- Doors dimensions and fixing points
- Cabin and door finishes

SIMPLE INSTALLATION

Installation is simple as building work is minimal, just a low pit is required, and headroom requirements are very low. We work to provide a speedy installation, with minimal interference to your building or the surrounding area, making sure that you get to carry on with your daily life.

INSTALLATIONS ACROSS SOUTH AFRICA

Siyakhula Elevators will provide you with a customer related project approach to ensure a swift and tidy installation, we strive to ensure that all your requirements and ideas are reflected in the finished product.

EXPERT POWDER COATED SURFACES IN MOST RAL COLOURS

When a more specific finish is needed we offer electric powder coated RAL colours. Our powder coated surfaces can be more resistant to chipping, scratching, fading, and wearing than other finishes, meaning it is extremely durable. The process is also environmentally friendly as virtually no pollutants are released into the air.
